Mr. M. C. Frost, President  
Frost Co.  
14th Avenue at 65 Street  
Kenosha, Wisconsin

Crane Co. U.S. Patent  
No. 2,271,837

Dear Mr. Frost:

In furtherance of our discussion on the above on February 25, the writer has since had the opportunity of reviewing this situation with our interested executives.

It has been suggested that I write to you submitting a licensing proposal embodying a royalty figure of 5% of your net factory selling price which would apply to your past as well as future production.

If this is agreeable to you and you will so advise us, we shall be glad to submit a formal license embodying these provisions.

Yours very truly,

C R A N E C O.

J. O. Lange,  
Engineer of Patents
